

Glocal E-learning Final Test

1

At what minimum height may sharp-edged objects, barbed wire, broken glass and other similar products and materials be placed on fences?

(1 punkt)

1,80 m

1,90 m

2,00 m

1,50 m

2

At what minimum height may sharp-edged objects, barbed wire, broken glass and other similar products and materials be placed on fences?

(1 punkt)

2,80 m

3,50 m

3,00 m

2,20 m

3

International Symbol of Access (ISA): (1 punkt)

- is used only to marks parking spaces
- presents person on wheelchair on the grey background
- is used to mark objects and facilities with improved accessibility
- is used to mark objects and facilities with improved accessibility

4

TGSI is a shortcut of: (1 punkt)

- Tactile Ground Surface Indicators
- Tauchable Ground Surface Indicators
- Transport Ground Surface Indicators
- Tauchable Ground Surface Instalation

5

The height of the clearance above the sidewalk or bicycle path should not be less than: (1 punkt)

3,00 m

2,50 m

1,50 m

1,90 m

6

What is the formula for a staircase? ("h" is the height and "s" is the width of the step) (1 punkt)

$h + 2s = 60 - 65$

$2h + s = 55 - 60$

$2h + s = 60 - 65$

$h + s = 60 - 65$

7

What is the minimum distance of bus shelter from the inner edge of the bus stop bay
(1 punkt)

3,00 m

2,00 m

1,50 m

1,00 m

8

Universal design concerns:
(1 punkt)

- all people
- blind people and wheelchair users
- only disabled people
- elderly and disabled people

9

What is the best minimal width of the sidewalk for crowded places?
(1 punkt)

- 120 cm
- 150 cm
- 90 cm
- 180 cm

10

TGSla are designed: (1 punkt)

- for blind and visually impaired people
- only for blind people
- for blind, visually impaired and people with orientation disorders

- for blind, visually impaired, people with orientation disorders and wheelchair users

11

Other very significant functions, in addition to providing water of the fountains of Madrid, include: (1 punkt)

- Creating better local thermal conditions against the summer heat
- All the answers are correct
- Being meeting points for the citizens

- Environmental – Social – Economic
- Recycling – Economic - Social
- Environmental – Solidarity – Recycling
- Environmental - Regulations – Social

18

How much of the world's territory is occupied by cities? (1 punkt)

- The 13%
- The 40%

The 30%

The 3%

19

What is a sketch? (1 punkt)

Is a scale drawing of an object that you are seen or imagine

A sketch is a quick way to record an idea for later use, is a quick drawing of an object that you are seen or imagine.

Is a computer drawing of an object that you are seen or imagine

No answer is correct

20

Building Information Modelling is: (1 punkt)

No answer is correct

Building Information Modelling (BIM) is a programme involving the generation and management of digital representations of physical and functional characteristics of places

Building Information Modelling (BIM) is a process involving the generation and management of digital representations of physical and functional characteristics of places

Building Information Modelling (BIM) is the use of computer software to create drawings. Today the vast majority of technical drawings of all kinds are made using CAD

21

Why is SDG 6 Clean Water and Sanitation so important?
(1 punkt)

- Around 2.2 billion people worldwide do not have access to safe drinking water and 4.2 billion do not have safely managed sanitation services
- Diarrhoea related to lack of clean water, sanitation and hygiene is a direct cause of infant mortality:
- All the answers are correct
- Seeks to ensure the availability and sustainable management of water and sanitation for all

22

Y strainer position in a water supply pipeline always must be install with the blow-off (drain) in the lowest position: (1 punkt)

- There is not any Y strainer in a water supply
- Flow must be upward into the inlet of the strainer
- None of the answers is correct
- Flow must be downward into the inlet of the strainer

23

Do you recognize this device?
(1 punkt)

- check valve
- check tap

- Line strainer
- Electrical device

24

Is plumbing system which carries water from the water source, street main or a pump to the building and to the various points in the building at which water is used (1 punkt)

- Drainage System
- Non of the answers are correct
- Sewage System
- Water Supply and Distribution System

25

Do you recognize this device? (1 punkt)

- Electrical device
- Non return valve
- Line strainer
- check valve

26

A water equipment used whenever the water supply at its natural pressure cannot be directly piped to a building, tank or reservoir... (1 punkt)

- A pump
- A bibb
- A tank
- A motor

27

Do you recognize this device? (1 punkt)

- check tap
- check valve
- Electrical device
- Line strainer
